A FLEXIBLE AND AMAZING SPACE.

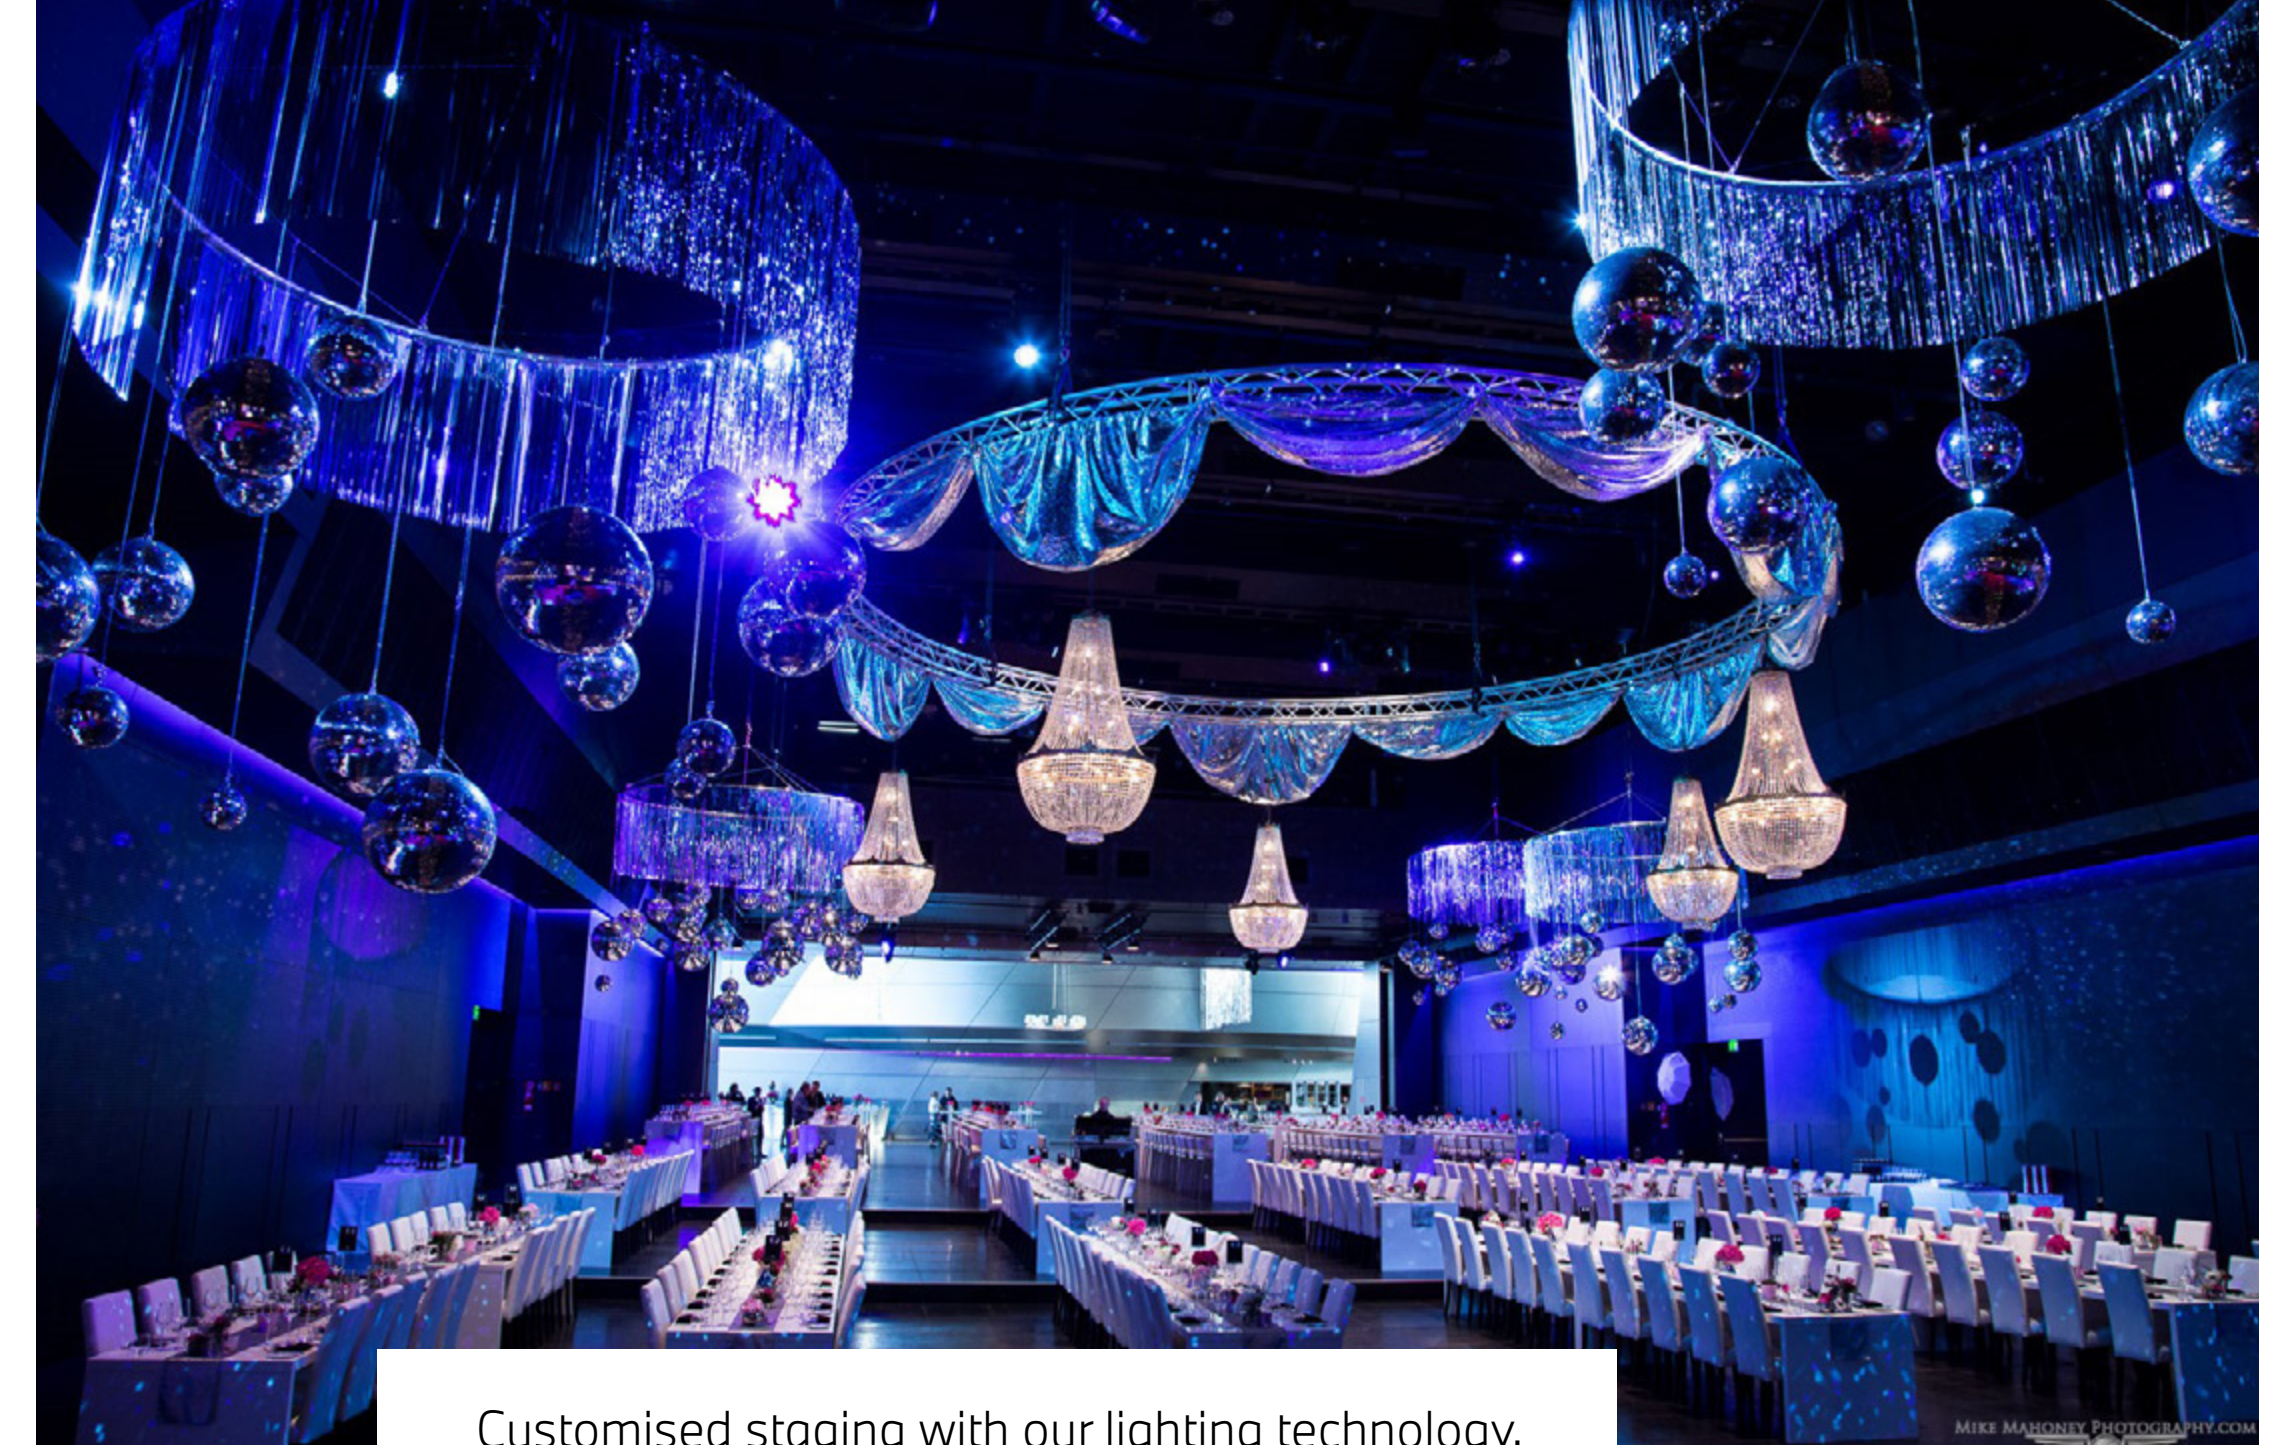

No venue is as adaptable as the auditorium. From large shows to hybrid congresses to gala dinners, the adjustable stage and high-end multimedia technology leave nothing to be desired. The adjoining foyer is also available for atmospheric receptions or as a venue for catering. Your location for large shows, hybrid or digital events, and congresses.

AUDITORIUM.

Equipped with modern video and audio technology.

Customised staging with our lighting technology.

HIGHLIGHTS.

Unique in Europe: The height-adjustable floor can be gradually moved to different levels. This allows you to design the layout of the auditorium entirely according to your ideas. Our professional audio, lighting, and video systems are always ready for large shows, concerts, and 4K projections.

SPECTACULAR EVENT SCENE.

This is where award-winning architecture meets state-of-the-art event technology. The sleek design of the Double Cone provides highly-modern and flexible infrastructure for large events, catering, and streaming. Create unforgettable moments in one of Munich's most iconic landmarks. The perfect location for spectacular vernissages, exclusive gala events, and television productions – with VIP arrival access included.

DOUBLE CONE.

The award-winning glass construction creates exciting lighting effects.

The LED surface along the spindle is a striking feature.

HIGHLIGHTS.

Technology designed to inspire. In the Double Cone, you benefit from state-of-the-art media technology directly on site. Use the customisable LED wall behind the stage and the continuous LED wall on the spiral staircase to showcase captivating media content. The circular stage with integrated lighting, audio, and streaming technology ensures that each segment of your programme stands out. There is also a second level in the basement for separate catering.
